

KIRALIK DEPO

BIRDENBIRE BURADA – suddenly here
Antonia Rodrian, Simon Bongard

02/11/22 – 23/11/22

For the show *Birdenbire Burada* at *Kiralik Depo's Deponun Deposu* Antonia Rodrian and Simon Bongard carry paintings into a basement. They use their short term memories, their brief encounters and superficial investigations to jump down the stairs of this abrupt relocation. Something went wrong, but there might be a back door. The living room is the drawing room. And the exhibition is a nutshell.

Antonia Rodrian and Simon Bongard are spending 3 months in Istanbul with the Artist Residency *Atelier Galata* by [Kunststiftung NRW](#) (Art Foundation of North Rhine-Westphalia). When not in Istanbul, they live and work in Düsseldorf, Germany.

Kiralik Depo is an exhibition space in Istanbul's Cihangir neighborhood. *Deponun Deposu* is *Kiralik Depo's* storage space, which is also sometimes used as an exhibition space. The show will run alongside *Variations of a fundamental motif* by the artists Deniz Kulaksizoglu and Yunus Aras.
